Team Stream

Everyone should have received an invite to join "Team Stream" for their SSB team last fall. This is a great tool for communication between coaches, players and parents. There is a calendar showing practice schedules, league and tournament schedules and program dates. Team Stream also generates the teams' "Public Pages" website, found from the homepage of the SSB website. If you have not activated your account, please contact your coach so they may re-send the email invite.

Seattle Select Baseball Gives Back

All players that had their players fees paid in full were entered into the January and February drawing. Three names and prizes were drawn by Board members at the each meeting.
